

BACKBONE BROKEN.

The Great Lockout at Homestead Nearing an End.

THAT'S WHAT THE COMPANY SAY

Amalgamated Men Returning to Work and Deserting Their Organization—Mr. Frick Able to Walk Around—Ex-Private Iams Begins the Suits Against Those That Wronged Him—Pinkerton Men to Guard the Homestead Works.

HOMESTEAD, Pa., Aug. 2.—Homestead's striking steel workers are considerably agitated. They have satisfied themselves of the correctness of Superintendent Potter's statement, that a number of former employees had returned to work yesterday. This evidence of weakening on the part of men who have loudly proclaimed their loyalty to the Amalgamated association worries the members of that organization, and the streets are filled with strikers discussing the situation with much animation. Provost Marshal Mechling, fearing the break in the ranks of the strikers would lead to trouble doubled the guard around the mill and in the streets adjacent thereto. That the backbone of the strike has been broken, is acknowledged by every one save the members of the advisory committee and the more radical unionists.

Superintendent Potter said to a United Press reporter: "Altogether sixty of our former employees have returned to work and we have been informed that many more will make application for their old places. Twenty-seven of our old men came in yesterday. Twenty-four of them found their places still open but the others, I am sorry to say, were disappointed. But while they can not step into the positions they gave up a month ago, these men will be given work. I feel very sorry for the majority of the strikers who were led into the present trouble by those in whom they had such implicit confidence, but when we announced that none of our new men would be discharged for those strikers who refused to return to work within the time specified we meant exactly what we said. The strikers who have come in out of the wet in time will not be asked to eat and sleep in the mill. They will continue to occupy their Homestead residences and will be given ample protection."

"Many of the recent arrivals from the east have applied for houses and will bring their families here soon. We got in over one hundred cots yesterday and nearly as many men arrived from distant points. I sent word to the Pittsburgh office yesterday afternoon that we were getting in too many men by rail and water. Tomorrow we expect fully one hundred men from the east. This will give us in the neighborhood of 1,500 workmen, many of whom are skilled mechanics. We will after tomorrow relax our efforts to secure workmen, in order to give our former employees who were led into this trouble innocently an opportunity to get back. Naturally we prefer them to green hands. There is no longer any doubt about it, the Amalgamated association has lost the fight and from this time on the Carnegie Steel company will operate its Homestead plant with non-union men."

Yesterday nearly 800 old employees who had money on deposit with the Carnegies went up to the mill office and drew it out, pursuant to a notice given by the firm. A large number of others against whom the mill holds mortgages paid interest, and as yet the men claim there is not one mortgage which can be foreclosed.

At a meeting of the Homestead borough council last night Burgess McLuckie asked that some action be taken to compel deputy sheriffs and militiamen who have been patrolling the streets to behave themselves. He charged that the men were taking advantage of their positions to commit ungentlemanly and unlawful acts. Councilman Lynch said his wife had been repeatedly insulted by militiamen.

Another member complained that he had been stopped on the streets at night by the sheriff's deputies.

The matter was referred to the borough solicitor.

The advisory board of the strikers met last night. Upon adjournment the secretary gave the following official statement to the United Press: "But two Homestead men went to work in the mill today. One was Edward Lyon, brother of United States District Attorney Lyon, of Pittsburgh. The other was Charles Geotell, a member of the Homestead school board, who will be deposed. There are less than 400 men in the mill. One hundred are tramps."

Hugh O'Donnell is expected back this week.

FROM PITTSBURGH.

State of Affairs as Summed Up from the Smoky City.

PITTSBURGH, Aug. 2.—H. C. Frick is still improving. He was able to do considerable walking about yesterday.

Bauer and Knoll, the anarchists, will appear before the court today and ask for bail. It is almost certain that the Long Branch baker, Mollick, will be released from custody, no additional evidence having been secured.

Ex-Private Iams yesterday afternoon began the various suits against those whom he claims wronged him and injured his good name, and has made information before Alderman Riley against General Hawkins, Lieutenant Colonel Grestor and Assistant Surgeon William S. Grim and others unknown, charging them with aggravated assault and battery and assault and battery. Warrants were issued and placed in the hands of constables. A civil suit will also be brought for damages and Iams' attorneys feel confident of securing

heavy damages for their client and also of convicting the defendants on the charges made.

Eight Pinkerton men who were, it is said, among those who went to Homestead in the barges on July 16, have been in Pittsburgh several days, making their headquarters at the general offices of the Carnegie Steel company. Into their hands has been entrusted the work of examining the numerous applicants for positions at Homestead and forwarding them to their destination. Among those who were sent up yesterday were a number of men who were to act as watchmen in the mill. They were seen by a number of men when boarding the boat, who claim to have recognized them as men who heretofore performed similar duty for the Pinkertons. The statement is made that 800 special watchmen are to be sent to Homestead. The opinion is gaining ground that Pinkerton men are being sent a few at a time to perform this duty.

The presence in Pittsburgh at an early hour yesterday morning of Battery B and the Sheridan troop of cavalry excited considerable comment. It is said that their presence was without significance. However this may be, the fact that the troops were in their saddles and en route for Pittsburgh before 6 o'clock, every man fully armed and equipped with several rounds of ammunition in his cartridge box, while at the very same hour, the Carnegie company were taking a full crew of non-union men into their Thirty-third street Union mill, together with the answer of one of the battery officers, to a citizen, who inquired what they were doing in Pittsburgh—"Oh, we're just exercising a little. But, if there had been any trouble at Thirty-third street this morning we would not have been very far away," goes to show pretty conclusively the true object of the early morning twelve-mile excursion.

CONGRESSIONAL INVESTIGATORS.

Members of the Committee at Work on Their Report.

WASHINGTON, Aug. 2.—Representative Oates, chairman of the sub-committee on judiciary, which visited Homestead, Pa., to investigate the recent troubles between the strikers and the Carnegie company, has completed a report on the evidence taken, and is ready to submit it to his colleagues on the sub-committee. If approved by them the report will then be laid before the full committee for adoption.

No report has been made on the testimony of the Pinkertons, as it has not yet been decided whether or not the investigation, so far as it relates to that body, will be continued.

Colonel Oates' report incorporates five subjects which are thoroughly discussed, as follows:

First—Whether the reductions of the scale of wages of the Carnegie employees were justifiable.

Second—Whether the treatment of the men was just.

Third—Whether the men were justified in their conduct in the mill.

Fourth—Whether the Carnegie company was justified in employing Pinkerton men.

Fifth—What the jurisdiction of congress is in the matter.

Representative Oates says he is very well satisfied with the report, as it is a fair and impartial one, and covers the subject very thoroughly.

Signing the Scale

PITTSBURGH, Aug. 2.—The first break among the iron manufacturers of the Mahoning and Shenango valleys came yesterday. The Akron (O.) iron company signed the Amalgamated scale and 700 men will soon return to work. Other manufacturers will probably sign the scale at an early day. A second conference between wire nail manufacturers and the Amalgamated association was held yesterday and the scale discussed without result. A few minor points were agreed upon. Another meeting will be held later in the week.

Men for Homestead.

BALTIMORE, Aug. 2.A special train over the Baltimore and Ohio railroad conveyed one hundred men from here last night destined for Homestead. They had been engaged by Carnegie's agent, C. H. Smith, who arrived in town yesterday. Mr. Smith says he has examined a great many applicants here and will continue to ship trainloads of men until otherwise ordered by his employers.

HEARTBROKEN AND INSANE.

Man's Faithlessness Sends a Woman to an Asylum.

RICHMOND, Ind., Aug. 2.—A strange woman from Ireland arrived in this city Saturday. To those who saw her alight at the station her movements seemed decidedly mysterious. Little could be learned of her errand and she appeared anxious to conceal her identity.

Last night she was picked up in the streets violently insane. This has brought out the object of her visit.

The story is a most pathetic one. She and a man named O'Brien were lovers in Ireland. Years ago he immigrated to America, promising that when he had made a home for himself he would send for her. They corresponded regularly until a few months ago, when O'Brien suddenly stopped writing.

She sent letter after letter to him but no answer came. Heart broken, she started out alone in search of him. O'Brien had married, but it was not until she reached this place that she discovered his faithlessness. The shock was too great and her mind gave way. As yet O'Brien refuses to give her name, and it can not be learned. She will probably be sent to the asylum.

Chief Justice Ill.

WILMINGTON, Del., Aug. 1.—Chief Justice Joseph R. Comegys, of Delaware, is very ill at Dover. Speculation as to his successor is already rife.

ON THE BIG FOUR.

Serious Accident Near Springfield, Ohio.

A FREIGHT TRAIN WRECKED.

Thirteen Cars Piled Up in One Heap. The Wreck Takes Fire and Four Men Are Fatally and a Number of Others Seriously Burned—Disastrous Results of an Explosion of Naphtha.

SPRINGFIELD, O., Aug. 2.—While westbound freight No. 65 on the Big Four road was running at the rate of twenty-five miles at Cold Springs, near here, shortly after noon yesterday, a truck, or some part of the running gear of one of the cars, broke. In an instant thirteen cars, all loaded, were piled in an indescribable confusion, completely blocking the track.

Four of the cars were loaded with naphtha, which caught fire, and soon the entire wreck was blazing fiercely, illuminating the country for miles around. The financial loss is estimated at \$75,000 or over. Four persons were burned fatally. They are: Tom Harris, quarryman, blistered from head to foot; William Crane, burned on head and neck; John Haynes, burned on neck and face; William Kennedy, burned all over the body.

Those badly burned are: Frank Liebolt, Frank Dennis, A. Zimmer, J. H. Berry, Jack Tobin, James Ford, William Miller, Thad Bratner, Frank Snyder, John Mower, F. M. Evans, L. S. Wells, S. Weibold, Ernest Wilson, Sam Collins, William Kurtz, Clark Baker, Dennis Wright, Peter Mower.

At 7 o'clock last night, while about 250 men were standing around and working upon the wreck, some man smoking a pipe emptied the burning contents of the bowl into the debris which had become saturated with naphtha from one of the wrecked cars. Instantly there was a flash and a tongue of fire ran along the ground for a distance of about fifty feet. The men went to work at once to extinguish the blaze, which slowly worked its way to the tank from which the naphtha had leaked.

The men were repeatedly cautioned to be careful, but as time passed they became indifferent. About half an hour elapsed when there was a terrific explosion of the naphtha tank. A small stream of the oil not larger than a whetstone had touched the blaze. The flame ran up the side of the iron end and then with the thunder of the explosion there was a flash of light that illuminated the whole heavens for an instant.

One man, a few hundred feet away, said the blaze of light extended upward about 400 feet. The burning oil was thrown in every direction with fearful results. Nine of the men were quarrymen. All the others were members of the train wrecking crew. The relief train with Doctors Russell and Noah and J. E. Myers and assistants aboard went to the scene of the explosion at once from here.

PUBLIC DEBT STATEMENT.

Monthly Report Issued by the United States Treasury.

WASHINGTON, Aug. 1.—The monthly public debt and revenue statements just issued from the treasury department, show a net decrease in July of \$1,197,815 in the public debt and an increase during last month—compared with July, 1891, of \$250,000 in receipts and a decrease of \$2,500,000 in expenditures. There was an increase of \$1,050 in the bonded indebtedness; a decrease of \$840,956 in its non-interest bearing debt and an increase of \$357,909 in the surplus cash in the treasury.

The surplus in the treasury today, including the \$100,000,000 gold, greenback redemption fund, aggregates \$127,050,286. The total debt, less surplus cash in the treasury, amounts to \$840,828,648; made up of \$585,030,380 in bonded and \$255,298,264 in non-interest bearing debt. Government receipts last month amounted to \$34,571,356, against \$34,300,344 in July, 1891, and expenditures were \$37,249,407, against \$39,798,911 in July a year ago.

Big Cotton Firm Fails.

NEW ORLEANS, Aug. 2.—It was learned late Sunday night that the large cotton factory and commission firm of Bickham & Moore failed Saturday for over \$250,000. The house was founded many years ago by the late Pritchard, then president of the New Orleans, Jackson and Great Northern railroad, now the Chicago, St. Louis and New Orleans, a part of the Illinois Central system. The failure was publicly announced Monday, but no one knows what the assets are.

Killed by Lightning.

COLUMBUS, O., Aug. 2.—During a storm yesterday several men were at work in a brick yard in Clinton township, when Dilly Mulby was struck by lightning and instantly killed.

Brakeman Killed.

WELLINGTON, O., Aug. 2.—H. Ewell, aged twenty, a Western and Lake Erie brakeman, fell off the tender of the engine and was instantly killed here yesterday.

Taken to Jail.

LIMA, O., Aug. 2.—H. A. Gordon, the young man who was arrested for passing forged checks was bound over and taken to jail in default of \$1,000 bail.

Cholera in a Prison.

ST. PETERSBURG, Aug. 2.—Ten cases of cholera and eight deaths have occurred in the prison at Tomsk, one of the depots for Siberian exiles.

Indications.

Fair weather, preceded by showers in West Virginia, eastern Ohio and at lake stations; south winds.

DEMOCRATIC CAUCUS.

An Effort Made to Break the Congressional Deadlock.

WASHINGTON, Aug. 2.—A Democratic caucus was held in the house last night to endeavor to effect an agreement by which the present deadlock on the world's fair appropriation clause in the sundry civil bill could be broken and a speedy adjournment be brought about. There was about one hundred members present, with Representative Holman in the chair.

A resolution was offered by Mr. Mutchler, of Pennsylvania, which in effect was that there should be a vote or a separate world's fair bill, making an appropriation of \$5,000,000 in aid of the world's fair on the first Wednesday in December next, after six hours debate and that only three amendments thereto shall be in order. The resolution further provided that the house should insist on its disagreement to the senate amendment to the sundry civil bill and also that the Dockery sub-committee of the committee on pensions should be continued during the recess with power to visit Chicago, investigate the financial condition of the fair and report at the opening of the next session of congress as to the necessity for government aid.

Representative Reilly, of Pennsylvania, offered a substitute, in substance, that the sense of the caucus is that the house proceed to vote on the pending motion, namely, to lay on the table the motion to reconsider the vote by which the house concurred in the senate amendments, without the interposition of any further dilatory motions. The substitute was debated pro and con, Messrs. Reilly, Fellows, Bushnell, Babbitt, O'Neill and others advocating it. A vote on the resolution resulted in its defeat by a vote of 61 to 39.

Representative Mutchler, of Pennsylvania, opened the debate in favor of his resolution, and was followed in advocacy of it by Representative McCreary, of Kentucky, in a lengthy speech. Speaker Crisp summed up the situation in a concise manner and favored the Mutchler resolution. He thought the matter in controversy should go over until December. He cited as a parallel case the filibustering on the direct tax bill and the manner in which it was disposed of. He also dwelt upon the way the sundry civil bill had been amended by inserting the appropriation clause, which he said was an act unprecedented in the history of the congress.

Representative Bankhead also spoke against the appropriation.

A vote upon the Mutchler resolution resulted in its favor by a vote of 65 to 31.

Representative McGann, of Illinois, said after the caucus had adjourned, which was about 10:30 o'clock, that the supporters of the world's fair appropriation would continue to press their cause until congress expires by limitation of law, on March 4, next. They would continue to insist in carrying out the will of the majority. Representative Durborrow agreed with the sentiments expressed by his colleagues.

If this program is carried out the caucus will have accomplished nothing beyond substituting the friends of the world's fair appropriation in the place of its opponents as filibusterers.

AN EXCITED COMMUNITY.

County Commissioners Abducted to Prevent a Meeting of the Board.

KANSAS CITY, Aug. 2.—A special from Anthony, Kan., to The Journal says: Considerable excitement has been occasioned over the abduction of Amos Farmer, Alliance member of the board of county commissioners, and the attempted abduction of Alex Terrell, a Republican member of the board. Four or five masked men called Mr. Farmer out of bed just before dawn yesterday morning, took him into a carriage and that was the last seen of him.

Commissioner Terrell's would-be abductors, five in number, called at his home in the western part of the county about 11 o'clock Sunday night and made a forcible entrance, but Terrell was in Harper and only his wife and two small children were at home.

The cause is simply the fact that the board of commissioners was to have met yesterday to make a levy for the payment of the judgment on the old Harper county bonds requested by the mandamus issue by the supreme court two weeks ago. Detectives are at work in the matter and some startling developments are expected in a few days.

MADE A CONFESSION.

A Political Murderer Makes a Startling Revelation.

LONDON, Aug. 2.—A man who is confined in prison in Glasgow has confessed to the authorities that he was implicated in the murder of Lord Leitrim, who was shot and killed on April 2, 1878, while driving near his lordship's residence in County Derry, Ireland. The prisoner also stated he was concerned in the killing of Lord Mountmorres at Rusheen, County Mayo, Ireland, Sept. 25, 1880. He further stated that he was hired to assist the man who killed the informer, James Carey, who was shot and killed aboard the steamer Melrose at Port Elizabeth, South Africa, by a passenger named O'Donnell.

The prison commissioners are carefully investigating the story of the man, whom they have subjected to a most searching examination, and are endeavoring to secure proof of his statements. They refuse to divulge the prisoner's name or to furnish any information regarding him.

None of the persons concerned in the murders of Lord Leitrim or Lord Mountmorres were ever caught.

Meeting of Teachers.

PLAINFIELD, Ind., Aug. 2.—The Hendricks county teachers' institute, which is usually held at Danville, is now in session at this place, and will continue the remainder of the week. The services of able instructors and prominent lecturers have been secured.

WHO IS TO BLAME?

The Wheels of the Government Blocked at Washington.

THE SUBJECT HOTLY DISCUSSED.

No Prospect of the Deadlock Being Broken Very Soon—Appropriations Extended Until Aug. 4—Nothing of Importance Done in the Senate.

WASHINGTON, Aug. 2.—The scenes in the house yesterday were less monotonous than for a week past, the debate on the resolution extending the appropriations until Aug. 4, were for certain branches of the public service being at times quite personal. Mr. Hopkins, Republican of Illinois, who is an ardent advocate of the fair appropriation came in for a large share of abuse for objecting to the resolution on Saturday, which closed the government printing office and other branches of the public service. Mr. Holman, Democrat, of Indiana; Mr. McCreary, Democrat, of Kentucky; Mr. Cummings, Democrat, of New York, and Mr. McMillin, Democrat, of Tennessee, said the world's fair advocates had blocked the wheels of legislation because \$5,000,000 was refused them. Mr. Reed, Republican, of Maine; Mr. Bingham, Republican, of Pennsylvania, and Mr. Hopkins, Republican, of Illinois, denied the impeachment. The Democratic majority were responsible for the situation of affairs. They had obstructed the wheels of the government by refusing to pass the sundry civil bill. Holman and Mr. Cummings were charged with leading the filibustering, and upon the shoulders of the filibusterers the blame must rest. The Democratic party was responsible for legislation, and they should maintain a quorum here for that purpose.

The resolution was passed, and also the following measures: Resolution granting the use of the rotunda of the Capitol to the ladies of Washington for a reception to the Grand Army; changing the time for dedicating the world's fair buildings from Oct. 12 to Oct. 21; to reimburse the city of Lincoln, Neb., for paving around the government building; to authorize the secretary of war to convey to school district No. 12, Kittery, Me., a portion of the Fort McClary military reservation in exchange for other land. Mr. Holman, Democrat, of Indiana, moved to pass a resolution appropriating \$50,000 for the sufferers from the overflow of the Ouachita and Black rivers, Louisiana, but after several roll calls with no quorum appearing, the house resumed its normal inactivity and finally adjourned.

The senate did practically nothing but wait the action of the house on the sundry civil bill. It assented readily to the house proposition to continue existing appropriations for four days longer, and Mr. Hawley, of Connecticut, and Mr. Hiscock, of New York, spoke on the question of the tariff with the thermometer ranging in the nineties, the weather relief felt elsewhere not having yet reached the capital.

AWAITING THE SHOCK.

New York's Electric Machine Will Soon End Another Life.

DANMORA, N. Y., Aug. 2.—"Cal" Wood, the condemned murderer, looked through the barred windows of his cell upon the setting sun dropping behind the Adirondacks for the last time yesterday evening. He kissed his wife, and while kissing her broke down and wept. Woods' brother Charles will claim the body for burial after the execution. The hour set is between 9 and 10 o'clock this morning, and all the apparatus is ready. Electrician Davis and his brother, E. T. Davis, tested both the engine and the electric current yesterday afternoon by killing a bull. It worked successfully and the animal died instantly.

The chair to be used is the one in which Catto was killed at Sing Sing. The execution will be in charge of Dr. Ransom, of Clinton prison, and Dr. Ewing, of Auburn prison. The dynamo is run by a special engine and there will be no cessation of work in the prison. Wood slept comfortably last night and will probably meet death bravely.

FOR VETS AND VISITORS.

A Prodigious Pile of Provender at G. A. R. Encampment.

WASHINGTON, Aug. 2.—The committee appointed to supplement the congressional appropriation of \$100,000 with a \$50,000 subscription with which to entertain the G. A. R. visitors here next month, have about completed its work, and \$150,000 will be expended in that direction.

The Washington post warns the commission merchants and others that their supplies of provisions will be exhausted if they do not receive immense consignments, and asks them to be prepared, as 350,000 visitors altogether will be here. The city can not comfortably entertain such a crowd no matter how much preparation is made.

COLUMBUS, O., Aug. 2.—James Doyle, an Ottawa county prisoner, attempted suicide by hanging Sunday night. He was discovered and revived. Doyle was the partner of Frank Rowland who suicided July 17. Doyle promised Rowland to shuffle off then. Doyle claims he wants to die because Rowland's ghost appears nightly and torments him for lack of courage.

Another Railroad Accident.

ST. LOUIS, Aug. 2.—The eastbound passenger train on the Cleveland, Columbus, Cincinnati and St. Louis railroad ran into a freight train near Edwardsville crossing, eight miles from Alton, last night. The engineer and fireman were killed and many of the passengers seriously injured.

WEATHER INDICATIONS.

For Tennessee and Kentucky, fair, preceded by showers; warmer, south winds.

It has been generally known for some time that Hon. A. E. Cole of this city was a candidate for Judge of the Court of Appeals. His formal announcement appears elsewhere in this issue. Judge Cole has never suffered a defeat in the many contests he has fought and he is in the present race to win. His Democracy is unquestioned, and his long and faithful service as Circuit Judge of this district, coupled with his legal attainments at the start, has well fitted him for the important position on the Appellate Bench to which he aspires.

SARDS.

The new Baptist preacher at Mayslick is making a fine impression.

Mrs. Leonard Smith, nee Hannah Clift, of New Philadelphia, O., is visiting her relatives in Fleming and Mason.

Mrs. J. H. Wright, wife of the pastor of the Baptist Church at Pisgah, Fleming County, is much indisposed.

Mrs. Anna Hunter Jefferson, of Bourbon, and her trio of bright children, two sons and daughter, are guests of Mrs. Ben W. Wood.

The Sharpshooter fair commences August 9th. Miss Em Browning will spend that week with her genial friend, Miss Mayme O. Rodgers.

After a two-weeks' visit to her cousins, Misses Nellie and Lucy Dye, of Louisville, Miss Maggie Dye, the young mistress of "Forest Home," has returned.

Mrs. Hiram Dye, for many months a close prisoner at "Forest Home," was enjoying a morning outing last Thursday with her daughter, Miss Maggie, and her yearling grandson, Grover Clarke.

Miss Flora Alexander, one of the belles of "Sweet Owen," spent a few days with her special friend, Miss Em Browning, and then passed with her handsome sister, Mrs. Rice, of Olivet, to the inviting shades of Blue Lick Springs.

Instead of waiting for the dark of the moon in August, 'Squire Dye bethought him to tackle his weeds in July. He cut long and well, mercury at 120 in the sun, but the ground ivy and poison hemlock got in their work in the midst of his perspirations. He has a very sore arm, and is treating it with salt and vinegar.

ORANGEBURG.

A good rain last week which was much needed. I. Dean Willett was in town Sunday visiting his many friends.

Mr. and Mrs. Thomas Breeze, of near Bernard, spent Sunday with the family of Noah Flaughner. Several passed through here to the camp ground Sunday, but not as large a crowd as generally go.

A. C. Coryell has the contract for putting an addition to the school house, and W. F. Kennan the contract for the foundation.

Edward Roe, Sr., had a mare that was thirty-three years old killed last Thursday by lightning. She was walking in the pasture with not a tree or bush near when the bolt struck her.

Notice to Teachers.

The Mason County Teachers' Institute will be held in this city commencing August 29th. Conductor, Professor John C. Willis.

The Institute for colored teachers will be held this year in connection with the Fleming County Institute in that county, reciprocating the union of Fleming with the Mason County Institute, which occurred in this city last year.

Article X, section 2 of the School Laws provides that: "All teachers who have schools in session or under contract, and all persons who contemplate teaching a common school at any time during the school year, must attend the full session of the Institute."

The County Superintendent shall revoke the certificate of any teacher who shall fail or neglect to attend the full session of the Institute, unless the Superintendent shall be fully satisfied that such failure has been caused by actual sickness or other disability.

RUGGLES CAMP MEETING.

Sunday's Interesting Services—Dr D. Lee Aultman's Sermons. Other News.

Notwithstanding the unfavorable appearance of the weather in the early part of Sunday morning the attendance was very large. The morning prayer meeting (6 o'clock), conducted by Rev. M. G. McNeely, was well attended and much interest was manifested. The social service at 9 a. m., conducted by Rev. L. B. Piersal, was one of great power, scores testifying to the power of Christ relative to a present salvation.

At 10:30 a. m. the huge tabernacle was filled to overflowing to hear the thrilling and soul-inspiring discourse eloquently delivered by the Rev. D. Lee Aultman, D. D., of Cincinnati. His subject was "Faith," based upon Heb. 11:6, "Without faith it is impossible to please him."

At 1:30 p. m. the special services for children were held under the tabernacle, and were conducted by Rev. J. M. Taulbee, of Covington. Although this service was designed especially for the children, yet in addition to a large number of the little ones present, the remainder of the tabernacle was filled by people of all ages, being attracted by the unique blackboard exercises of Rev. Taulbee. At 4 p. m. Rev. Cyrus Riffe, of Maysville, preached to another large congregation on the subject of "Something About Fools," based upon II Sam. 3: 33.

Dr. Aultman came on again at night. Another large crowd greeted and listened with intense interest to the sermon from the words of Ezekiel: "Everything shall live whither the river of life cometh."

DEMOCRACY'S VOICE.

The County Convention Unanimously Instructs for Harbeson and Sallee.

James C. Owens Nominated for Coroner—Full Proceedings of Monday's Meeting

The Democratic county convention yesterday afternoon brought together a goodly number of the faithful. Every precinct was represented, something unusual when the fact is taken into consideration that it was generally known the convention would be unanimous on two of the questions coming before it, and very much one-sided on the other. The large attendance under the circumstances may be taken as a good indication that the rank and file in Mason are wide awake this year, and are looking forward to the great fight next November.

The convention was called to order by Mr. J. N. Kehoe, Chairman of the Executive Committee, who stated that the object of the meeting was to select delegates to the Judicial convention at Augusta, August 3rd, and to nominate a candidate for Coroner to fill the vacancy occasioned by the death of the late Magnus T. Cockerill. Mr. Kehoe then requested Mr. George W. Rogers, Secretary of the committee, to call a list of the precincts. This was done, and all were found to be represented, and no contested delegations showed up. Following was the list of delegates:

Maysville No. 1—C. C. Dobyns, Thos. M. Wood, M. A. O'Hare, A. C. Respass, J. W. Fitzgerald, J. W. Alexander, C. B. Pearce, Jr., E. H. Martin, C. L. Sallee, N. S. Wood, R. B. Lovel, T. J. Chenoweth, W. W. Baldwin, C. D. Newell, G. W. Rogers, Geo. W. Sulser, F. P. O'Donnell, Thos. A. Keith, P. P. Parker, L. W. Robertson, W. W. Ball, John Moore.

Maysville No. 2—John C. Everett, R. L. Baldwin, M. F. Kehoe, Robert Lloyd, John C. Lovel, Robert Kirk, John Mangan, Charles Parry, Robert Frost, Dr. Thomas E. Pickett, M. J. McCarthy, S. P. Perrine, John L. Whitaker, E. E. Pearce, Wm. Pepper, J. N. Kehoe.

Dover—Alex True, Richard Soward, J. W. Osborne, J. A. Sroufe, J. D. Cushman, J. C. Grove, W. B. McMillan, W. F. Munzing, J. J. Runyon, 'Squire Earnshaw.

Minerva—E. F. Boyd, Jr., and C. M. King. Germantown—Foster Tucker and Isaac Woodward.

Sardis—W. T. Tomlin. Alternate, B. W. Wood, Mayslick—John Cliff, Joel Laytham, C. Burgess Taylor, A. P. Gooding, J. J. Archdeacon, John Collopy.

Lewisburg—A. K. Marshall, 'Squire J. M. Alexander, J. E. Cahill. Alternates, Jesse Calvert, J. D. Riley, T. M. Downing.

Orangeburg—(Names of delegates not reported). Washington—Joseph Lane, Langhorne Fox, Ben Marshall.

Murphysville—W. W. Worthington, Dr. J. W. Huddleston.

Fern Leaf—Daniel Norris. Chester—H. C. Dietrich, Sr., John Ryan, Edward Hutchison.

Helena—S. D. Clark, S. H. Harrison.

Mr. J. C. Everett placed A. K. Marshall, Esq., in nomination for Chairman, but Mr. Marshall asked that some one else be selected for the position. Mr. Geo. W. Sulser placed Judge L. W. Robertson in nomination, but Mr. Robertson was not anxious for the honor, and at his request his name was withdrawn. Mr. Sulser then moved that Mr. Marshall be selected by acclamation, which was done. On assuming the Chair he said this was the first honor he had ever received at the hands of the Mason County Democracy. He had sought honors on several occasions in the past, but they had always been given his opponents—not, of course, because the party had regarded him as unworthy, but because it had regarded the other fellows more worthy. But for all that he was a Democrat still, and had never sulked or scratched.

Mr. George W. Rogers was elected Secretary and M. F. Marsh Assistant Secretary.

Mr. Kehoe then offered the following resolution, which he said would simplify matters, and obviate the appointment of any committees:

Resolved, That the delegates from this convention are instructed to cast the solid vote of Mason County for Hon. James P. Harbeson for Circuit Judge, and Hon. James H. Sallee for Commonwealth's Attorney, and in favor of all questions touching their interests.

Resolved, That all known Democrats of this county are appointed delegates to the Augusta convention, and that those present in person shall cast the vote of the county and vote the same as a unit on all matters coming before said convention.

The resolutions were unanimously adopted.

Messrs. John D. Roe and James C. Owens were placed in nomination for Coroner. A call of the precincts was ordered, and the following was the result of the ballot:

Owens.....23

Roe.....16

On motion of Mr. Geo. W. Sulser, Mr. Owens' nomination was made unanimous.

Messrs. S. D. Clarke, John L. Whitaker and Major Chenoweth were appointed to formally notify Mr. Owens of his nomination and bring him before the convention. They retired, and finally returned and reported that they were unable to bring Mr. Owens before the house, but that he accepted the honor and would give faithful attention to the duties of the office, if elected.

On motion the convention then adjourned sine die.

COUNCILMAN M. F. KEHOE has been tendered the important position of International Financier of the Cigar Makers' International Union, and has the offer under consideration. The Union has a membership of about 50,000, and the annual income is close to \$1,000,000. The position of Financier pays about \$4,000 a year. The duties correspond somewhat with those of a Bank Examiner, and would call him to all parts of this country and Canada.

The union Endeavor meeting at the Christian Church Sunday evening attracted an unusually large audience. The various societies of this city were present, and a delegation came over from Aberdeen and Bethlehem. Miss Jessie Judd presided with grace and dignity, and the crowd were deeply impressed with her zeal and enthusiasm in the Master's work. Mrs. J. T. Kackley, Miss Bessie Martin and Miss Judd all gave very interesting reports of the proceedings of the recent big convention in New York. The services were entertaining and instructive throughout and closed with the Endeavor benediction.

CROP PROSPECTS.

What the State Commissioner of Agriculture Says in His Monthly Report.

Colonel Nicholas McDowell, State Commissioner of Agriculture, in his report issued August 1st, says: "In my report for the month of July I can say that our State has been greatly blessed; that a kind Providence has smiled graciously upon us; our crops, up to this time, are over an average; our wheat crop I don't suppose was ever equaled in the State, the yield being in some sections unprecedented. There are some reports of smut, though not so bad as was anticipated. In some localities threshing has been retarded by excessive rain, and the grain is sprouting. I asked in my circular for average yield per acre, but a great many correspondents did not notice the question and gave the conditions instead. I will ask the question again in my August report. Our State has made great improvements in our wheat crop, from two main causes. First, the preparation of the ground for seeding; second, we are more particular in procuring good seed wheat.

"Tobacco—In reviewing my reports on tobacco, I have to say that they are somewhat conflicting. In the counties of Spencer, Shelby, Henry, Franklin, Owen, Scott, Woodford, Bourbon, Mercer and others I could mention, the complaint of the unevenness of the plant is very general. Ten days since I made a trip through the counties of Washington and Nelson, and noticed some fields of tobacco in which there were some plants ready to top, and others down in the clods, and not much prospects of doing any good before frost. Other counties I could name, the condition of the crop is reported better. One of my correspondents from Trigg, Hon. William Wharton, a gentleman well informed, writes that the tobacco is well advanced and is of good leafy growth; promises to be an average crop; rains too frequent. Counties adjoining Trigg make same report. But, from a general resume of all my correspondents, I must say the prospects for a good crop are very promising. Per cent. 88.

"Clover—There is hardly a dissenting report through the months of April, May, June and July as to the excellent crop of both clover and timothy, which makes the prospect good for an abundant supply of hay.

"Corn—The corn crop is just in the stage to be cut short for the want of rain. Crop was planted late, and the ground in many localities is very hard, caused by the excessive rain in the spring; but where it has been well worked looks well, and if it is seasonable for the next two or three weeks, the crop will be good.

"Oats—The finest crop of oats that has been raised in this State for many years has just been harvested. The acreage is not large; there has not been enough threshed yet to estimate the yield per acre.

The Irish potato crop will be very fair. All kinds of vegetables are reported abundant. Apples and peaches will show a good per cent. in comparison with last year's crop, as last year's crop was very small. A few counties reporting a large per cent. by comparison makes this year's crop appear larger than it really is. The effect of the April frost is causing all kinds of fruit to fall.

Mr. Samuel West, of Cincinnati, Miss Katie Moore, of Germantown, Miss Nellie Buckley, of Murphysville, and Mr. Wm. Bracken, of Washington, and Miss Kate Russell, of Bernard, spent Sunday at Blue Licks.

A Free-for-all at Island Creek.

Clyde Nace attempted to break up an ice cream supper at Island Creek Church six miles east of Manchester Saturday night. A special says he went around all over the house flourishing a revolver under people's noses. Finally one Charley Power grabbed the gun from him and pounded his head into a jelly.

Nace's brother Henry interfered and Jep Cooper, another member of the band, picked up his tuba and mashed it over the would-be peace-maker's head. Henry also received a bullet wound in his wrist, but it is not known who shot him.

Powers' only injury was a wound on the side of the head, where some one had probably hit him with a rock. After the fight was over, Nace was taken to Concord, to avoid arrest, where he now lies in a critical condition, as his skull is fractured. He is not expected to live.

Powers is not quarrelsome, and public opinion is with him.

Attention, Knights of St. John. Regular meeting this evening at 7:30 o'clock. All members are requested to be present.

GEO. F. BROWN, President. WM. MORAN, R. and C. Secretary.

IRON WALL AFFAIRS.

Both Sides Preparing for a Desperate Legal Struggle.

INDIANAPOLIS, Aug. 2.—It was intended to begin criminal proceedings against Supreme Justice Somerby, of the Order of the Iron Wall, but an afternoon paper received a dispatch signed by him saying he would be here to attend the board meeting today. When this became known it was determined to await his coming and the developments of the case before resorting to criminal proceedings.

The officers of the order are preparing for a vigorous defense in the application for a receiver. Besides Morris, Newberger & Curtis, two firms—Duncan & Smith and Judge Howe, have been retained, and yesterday afternoon they had a meeting to prepare their plans. They claim that it is a small matter, that the charges are against Somerby, and not against the order, but whether he comes here or not, they will proceed with the defense. They say that a receiver will not be appointed, for the reason that there are no legal grounds for the appointment of one—the order pays its debts and has sufficient money on deposit to meet claims that are due.

While this is the attitude of the defense the plaintiffs are not inactive. They will make a strong effort to get at the inside working of the order. All of the officers will be put upon the witness-stand and an examination of the books will be made in court. One of the attorneys for the plaintiff said that they will endeavor to ascertain if it be true, as is charged, that Somerby's bank in Philadelphia does business with the funds of the order.

In an interview Mr. Davis, supreme cashier, stated that the money was deposited in the banks subject to checks, and that no interest was paid on the deposits. The plaintiffs will try to show that, at least so far as one local bank is concerned, interest was paid on the deposits and this interest was paid to an officer of the order.

ELECTION IN ALABAMA.

Regular Democratic Ticket Elected by a Large Majority.

BIRMINGHAM, Ala., Aug. 2.—The state election passed off quietly, and the heaviest vote for years was polled. A large part of the negro population voted, and their vote was about equally divided between Jones and Kolb. Governor Jones and the regular Democratic ticket are elected by not less than 50,000 majority. His majority, many believe, may reach 70,000. In Birmingham Jones' majority exceeds 3,000.

In Mobile it is 1,000, in Montgomery 2,000, in Selma 1,500 and in Anniston 1,000. These are the largest cities in the state, but many country precincts and the black belt section, where there is such a large negro population and where Kolb expected to sweep things, have rolled up comfortable majorities for Jones. The straight Democrats also elected a majority of the legislature. Only one county is yet known to have gone for Kolb, and it is a Republican stronghold.

BLOWN TO ATOMS.

Fishermen Use Dynamite with Deadly Results.

BALTIMORE, Aug. 2.—Yesterday Theodore Pennypacker and Joseph Hughes were out on Worten creek in a boat fishing and using dynamite for the purpose of killing fish. While Pennypacker was in the act of throwing a piece of the dynamite into the creek it exploded, killing Pennypacker and seriously injuring Hughes.

Pennypacker's body was literally blown to atoms. There was nothing left of it except a portion of the breastbone and shoulder, which was driven with terrific force into the body of Hughes. The piece of the explosive used by Pennypacker was about one foot in length.

Boarding House Burned.

ATLANTIC HIGHLANDS, N. J., Aug. 2.—The excellent villa near this place, occupied by A. Blohm as a boarding house, was destroyed by fire yesterday. Loss, \$18,000; insured. The house had many boarders, all of whom escaped without injury. Mr. Blohm had his leg badly burned in endeavoring to subdue the flames. The house was a well known landmark, and was once occupied and owned by the late Albert Speyers, the banker.

ZOLLICOFFER'S SLAYER.

Critical Illness of General Speed S. Fry at Louisville.

LOUISVILLE, Aug. 2.—General Speed S. Fry, superintendent of the soldiers' home, recently established here, is dangerously ill and can hardly recover.

General Fry was born near Danville in 1817, was educated at Center and Wabash colleges, served in the Mexican war, was long the county judge at Danville, raised a regiment at the beginning of the civil war, fought the battle of Mill Springs, when with his own hand he slew the Confederate General Felix K. Zollicoffer. He participated in the battle of Perryville and many other engagements. In 1862 he was made a brigadier general and later was given command of the eastern division of Kentucky. Since the war he has practiced law, except from 1869 to 1873 when he was a collector of internal revenue.

WILD MAN IN KENTUCKY.

He is Gigantic in Stature and Covered with Hair.

MAYSVILLE, Ky., Aug. 2.—Dr. H. W. Dimmit, of Vanceburg, was in this place Saturday and said that the citizens of Lewis county are very much excited over the appearance of a genuine wild man who haunts the hills and thickets of the county.

He is described as being of gigantic stature, covered with a thick growth of hair, and is fierce and untamable. One gentleman encountered the creature in a lonely part of the hills one day last week and endeavored to strike up a conversation with him. A shower of rocks greeted his first words and the gentleman beat a hasty retreat.

Dr. Dimmit says he has seen the wild man with his own eyes.

Good the Earthworm Does.

"The earthworm performs a very important part in the economy of nature," said Professor Ernest Parker, of Nashville. "The little creature is the worst despised of all animal life, but from discoveries of my own, after long and patient investigation, he has gained my respect, and I want to extend to him assurances of my most distinguished consideration. I have found out that but for the earthworm's indefatigable toil very little of vegetation would grow except by irrigation. He is the greatest producer of moisture and heat in the world."

"He does more than the plowshare to disturb the latent heat and moisture of the earth and bring them to the top soil to vitalize and invigorate the struggling roots of the grasses, grains and other forms of vegetation. But for him great stretches of the western agricultural lands would become vast deserts. Therefore, all hail to the earthworm and bad luck to the man who thinks he is fit only for fish bait."—St. Louis Globe-Democrat.

A Red Friend of the White Man.

SISSETON AGENCY, S. D., Aug. 2.—Gabriel Renville, the venerable chief of the Sisseton and Wahpeton tribes, the best known of the Indians in the northwest, died yesterday at his home at the agency. Renville was a bright man, and well known over the country owing to his frequent visits to Washington in the interest of his tribes. During the great Indian massacre of 1862 he was the leader in the defense of the whites, and his splendid career in subsequently subduing the hostile Sioux has gone into the history of the northwest.

The Russians have just had made two 118-ton guns for their Black sea fleet. The English admiralty seems to value its big 110-ton barks more as torpedo throwers than as mere armor piercing weapons.

THE MARKETS.

LOUISVILLE TOBACCO MARKET.
Furnished by Glover & Durrett, proprietors Louisville Tobacco Warehouse.
Sales on our market for the week just closed amount to 2,631 hhds., with receipts for the same period of 2,472 hhds. Sales on our market since January 1st amount to 104,220 hhds. Sales of the crop of 1891 on our market to this date amount to 89,665 hhds.
The only change in the condition of the market this week for burley tobacco is a little improvement in values for colory grades. There is considerable complaint of the irregularity of the crop on the hill, a considerable part of which yet being very small.
The following quotations fairly represent our market for new burley tobacco, crop of 1891:
